• Turn on the tablet and connect to WiFi	
 Place your finger firmly on the camera at the top of the tablet and then slowly drag your finger down to about an inch below the camera and hold there for 10 seconds (white dot in the second image for reference on finger placement). This will trigger a pop-up that requires 	<text><text><text><text><text><text></text></text></text></text></text></text>
 Enter the code 69914891 and then press Enter. (If this code does not work, please try 548278537 or 983845623) 	←
	- + . 1 2 3 ª * / . 4 5 6 ≞nter
	() = 7 8 9 * 0 #
 Select "launch browser" from the list of debugging tools and then select 'Allow All" on each pop-up that appears on the screen. Note: none of these functions are used by your tablet, but the browser will not open without them.
